October 2015 Price Guide Revisions

Price guide changes will take effect Tuesday, September 29, 2015, for Midweek and October 2, 2015, for Lumber. Contact Random Lengths for more information.

Random Lengths, Midweek and Lumber EMS (Electronic Media Services) distribution spreadsheet and database subscribers will soon receive an additional transmission from RL Message <misc_msg@rlpi.com>, with updated tag information and database description files attached. Please add <misc_msg@rlpi.com> to your address book and/or corporate email whitelist of approved senders, so these important attachments do not get blocked. If you do not receive them within 24 hours of this message, please contact us at: rlonline@rlpi.com

If you have any questions, please let us know.

Following is an article about the upcoming Price Guide changes that appeared in Random Lengths September 11, 2015.

Changes to price guide coming in early October

Several changes to the Random Lengths lumber price guide are coming in early October.

On Page 5 of the 12-page report, Redding-based White Fir/Hem-Fir random dimension prices will change to a Northern California base. This change also will be reflected on these prices in the Midweek report.

Similarly, on Page 8, the Eureka base for green Douglas Fir 4-inch posts, beams, and timbers will change to a Northern California base. All of the above changes reflect a wider regional base of mill output.

A lack of production will result in a few deletions from the lumber price guide. On Page 5, the price for green Douglas Fir Select Structural 2x6 will be eliminated. On Page 7, prices for green Fir Util&Btr 1x4 and Std&Btr 1x6 will be retired.
