2018 Random Lengths Big Book, 2017 Yearbook available

EUGENE, ORE. -- The latest editions of two leading reference guides serving the North American softwood forest products industry are now available. The 2018 Big Book is the largest and most widely recognized directory of the North American softwood industry. The 2017 Yearbook is the industry's most comprehensive source of historical market information. Random Lengths publishes both reference guides annually.

The 2018 Big Book's 768 pages contain 3,657 listings of U.S., Canadian, and offshore softwood companies and 14,423 personnel. The convenient guide shows addresses, phone and fax numbers, email addresses and websites, company profiles, and other valuable information. More than 85% of the listings from the 2017 Big Book have changed.

The 2017 Yearbook features 342 pages of data and provides price histories for the past 11 years for more than 310 key lumber and panel items. Easy-to-read graphs track monthly price averages for the past five years. The Yearbook lists economic data, such as housing starts and home

mortgage rates from 2013-2017. Also included are a nine-year market chronology and an international section that offers price histories, trade-weighted dollar information, and export volumes by species and destination from 2012-2017.

The Big Book is available for \$274.95. The Yearbook is available for \$62.95. Random Lengths offers discounts for purchases on the website at www.randomlengths.com.

Random Lengths Publications Inc. is an Oregon-based publisher of newsletters, market analyses, price histories, and reference books for the forest products industry. Its weekly newsletter, Random Lengths, tracks current prices and market trends for North American lumber and panel markets.
