COVERAGE NOTE: Rationalization of Crow's, Random Lengths Price Coverage Finalized

EUGENE, OR, Nov. 14, 2018 - After more than a month of seeking feedback on RISI's acquisition of Random Lengths and its plans to merge the *Crow's* and *Random Lengths* newsletters, this Coverage Note serves to inform all stakeholders that these plans have been made final.

The feedback we received broadly supported the proposed plan as it was initially published on October 10, 2018. By the end of Q1, 2019, *Random Lengths* and *Crow's* will be merged into a new offering combining the strengths of both services. This will include single publications for the midweek, lumber, panel, and weekly report.
